

Signal Processing with MATLAB – A Hands-On Workshop

Signal Processing (SP) plays a vital role in everyday life. It finds applications in many areas. This one-day workshop will provide a hands-on introduction to signal processing using MATLAB.

COURSE OBJECTIVE

On the successful completion of this course, the participants should be able to

- use Matlab to represent signals and systems,
- use Matlab to perform time-domain and frequency-domain analysis,
- use Matlab to design linear filters,
- use the signal processing GUIs available in MATLAB, and
- ullet use the signal processing blockset.

COURSE OUTLINE

Intro	duction
 1116100	$\operatorname{luction}$

2. Representation of Signals

- 3. Representation of Systems (Filters)
- 4. Time-Domain Analysis
- 5. Frequency Domain Analysis
- 6. Filter Design
- 7. Graphical User Interface
- 8. Signal Processing Blockset

TARGET AUDIENCE

undergraduate and postgraduate students, academicians and researchers, engineers and scientists

VENUE

BL-3-010, Control Systems Laboratory, College of Engineering, UNITEN, Putrajaya Campus.

DATE

Friday April 11, 2014

REGISTRATION

<u>Contact:</u> myspsoc@gmail.com <u>Deadline:</u> Wednesday April 02, 2014

FEES

	only SP	$SP + MATLAB^*$
Students (IEEE Member)	RM 400	RM 550
Students (Non-IEEE Member)	RM450	RM600
IEEE Member	RM500	RM650
Non-IEEE Member	$\mathrm{RM}600$	$\mathrm{RM}750$

Course materials will be provided Certificate from IEEE Signal Processing Society Malaysia Section Morning/afternoon refreshments and lunch included

*Not entirely comfortable with MATLAB? A one-day Matlab course is available for participants of this workshop at RM 150/- on Thursday April 10, 2014. Please refer "Working with Matlab" flyer.

SPEAKERS PROFILE

Syed Khaleel Ahmed is a senior lecturer in the Department of Electronics and Communication Engineering at Universiti Tenaga Nasional (UNITEN), Putrajaya campus. He obtained his B.E. in Electrical and Electronics Engineering from the College of Engineering, Guindy, Anna University, Chennai, India, and his M.S. in Electrical and Computer Engineering from the University of Massachusetts at Amherst, USA. His experience spans over 20 years in industry and academia.

His industrial experience includes stints at Thermax Limited, Pune, India, and Quantum Corp., Shrewsbury, Massachusetts. His M.S. thesis was on the design of *Robust Controllers for Flexible Structures*. This was part of a project funded by NASA through Martin Marietta. At Quantum Corporation, he worked on servo control for hard disk drives. One of the projects he completed at Quantum, *Designing a Control Systems Measurement Utility*, was adopted as a standard. An earlier project on *system identification using* MATLAB in both the time-domain and the frequency-domain was accepted and successfully used by Quantum control system engineers.

At UNITEN, he has worked on several projects, both funded and unfunded. He has over 30 publications in the last 3 years. He has also conducted several workshops for participants from industry and academia on topics in *Control Systems, Signal Processing, and Numerical Techniques* including using MATLAB/SIMULINK for implementing these. Currently he is the *Head* of the Center for Signal Processing and Control Systems (*C-SPaCS*).

His areas of specialization and interest are *Robust Control*, *Fuzzy Logic and Control*, *Algorithms*, *Signal & Image Processing*, *and Numerical Techniques*. He is also interested and active in promoting open source software, especially IATEX for professional document preparation and publishing.

He is the vice president of the IEEE Control Systems Society (CSS) Malaysia Section, the secretary of the IEEE Education Society Malaysia Section, and an executive committee member of the IEEE Signal Processing Society Malaysia Section. He is also a member of International Association of Computer Science and Information Technology (IACSIT), Singapore, International Association of Engineers (IAENG), Hong Kong, and Indian Society of Technical Education (ISTE), India.

He can be reached at syedkhaleel@uniten.edu.my
